

THE MAY 50K

YOUR IMPACT COULD BE LIFE-SAVING!

Your workplace participation in The May 50K will accelerate research into prevention, better treatments and ultimately cures for multiple sclerosis (MS).

Here's how your support changes lives:

\$36

Grows MS cells in a lab to undertake research into the cause and treatment of MS.

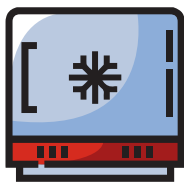

\$64

Covers the hourly rate of a dedicated research assistant.

\$511

Funds a PhD student MS researcher for one week.

\$1,524

Covers the costs of deep-freezing tissue samples in liquid nitrogen for a year.

\$2,044

Funds multiple MRI scans for research participants.

\$5,104

Covers the cost of sequencing an entire family to determine the genes that influence MS.

\$10,454

Pays for one fluorescence microscope so researchers can examine specimens at a cellular level.

\$25,000

Funds one incubator grant to gather preliminary data for new innovative ideas in MS research.

\$55,000

Funds six months of an emerging scientist's salary.

A HUGE thank you for all your hard work and dedication in helping us stop MS in its tracks!

Together we will leave MS where it belongs, behind us.

#KissGoodbyeToMS
